ManufacturerFisher Scientific

Description

The Fisher Scientific Isotemp 100L Gravity Incubator (Cat. No. 15130514) is a reliable and efficient solution for microbiological and laboratory applications, offering precise temperature control and uniformity through gravity convection technology. With a 100-liter capacity and a temperature range from ambient +5°C to 75°C, it supports a variety of routine lab tasks. Its stainless-steel construction, digital display, and internal glass door ensure durability, ease of use, and sample visibility without heat loss, making it ideal for research and testing environments.

Specifications:
Model: Isotemp 100L Gravity Convection Incubator (Cat. No. 15130514)
Capacity: 100 L (3.53 cu. ft.)
Temperature Range: Ambient +5°C to 75°C
Convection Technology: Gravity convection
Exterior Material: Stainless steel (AISI 430 / 1.4016)
Interior Features: Internal glass door for sample viewing
Control Type: Digital with fluorescent display
Shelving: Flexible shelving system, 2 included; 55 lbs shelf weight capacity
Additional Features: Access port with silicone plug, stackable design, intuitive controls

Comes with our 90-day warranty.

Biotech Equipment Sales, Inc.: based in South San Francisco, the Biotech capital of the world, since 2009. We are dedicated to bringing high-quality pre-owned laboratory instrumentation to our scientific community.
