Description

Across International Ai M35 (?35.8 cu ft) 2–8°C Lab Upright Pharmacy/Medical/Vaccine Refrigerator, Double-Door Model

This medical-grade upright pharmacy refrigerator with roughly 35.8 cubic feet of storage is engineered for reliable 2°C to 8°C storage of vaccines, medications, and biological samples. It uses forced-air cooling for temperature uniformity, a stainless-steel interior, multiple safety alarms with battery backup. Shelves as pictured.

Key Specifications

Temperature control and uniformity — Maintains a 2°C to 8°C range with ±2°C uniformity through forced-air circulation and sensors.
Safety and alarm system — Designed with high/low temperature alarms, power-failure and sensor-failure protection, remote alarm capability, lockable doors, and a 72-hour backup battery that keeps the controller and alarms active during outages.
Capacity and construction — 35.8 cu ft stainless-steel chamber with powder-coated steel shelves, as pictured. Low-heat-emission LED lighting, and easy-to-clean surfaces; exterior dimensions approximately 46 × 35 × 78 in with four casters.
Data connectivity and eco-friendly operation — Built-in USB port and RS485 interface for data logging/export; SECOP compressor with HCFC-free R290 refrigerant; side access port.

Comes with our 90-day warranty.
