Description
The unit is an American Biotech Supply (ABS) ABT-HC-CS-26, a 26 cubic foot standard single-swing glass-door chromatography/laboratory refrigerator. It is designed for stable storage of chromatography columns, reagents, and other temperature-sensitive materials in the 1°C to 10°C range. R290 refrigerant, 115 V / 60 Hz / 6.0 A single-phase power, and Intertek ETL listing to UL 471 (with ASHRAE 15 compliance noted).

Key Features

Precise microprocessor temperature control — Adjustable 1°C to 10°C range with digital display, audible/visual high and low temperature alarms, dual probes (air + sample bottle), and remote alarm contacts for reliable monitoring and recovery.
Chromatography-optimized design — Includes a GFCI-protected interior duplex outlet, multiple access ports (including a 2" side port with spring-loaded cover and probe port), forced-draft air circulation for uniformity, and four adjustable shelves (½" increments).
Energy-efficient glass door and construction — Self-closing, right-hinged, double-pane vacuum-insulated glass door (not reversible); powder-coated steel interior/exterior; high-density urethane foam insulation; LED safety-shielded interior lighting; keyed lock and magnetic gasket.
Mobility — 3.5" swivel casters; requires two electrical outlets. Exterior dimensions approximately 29" W × 36.5" D × 81.75" H (with casters).

Comes with our 90-day warranty.

Biotech Equipment Sales, Inc.: based in South San Francisco, the Biotech capital of the world, since 2009. We are dedicated to bringing high-quality pre-owned laboratory instrumentation to our scientific community.
