Description

The Cole-Parmer Stuart SD152W/120 Digital Hotplate Stirrer, as depicted, features a sleek design with a non-ceramic plate and the "CP Stuart" branding on the front. This model offers precise digital temperature control up to 325°C and stirring speeds from 50 to 1400 rpm, managed via a digital display and dual knobs for easy operation. A "HOT" warning indicator enhances safety by alerting users when the surface exceeds 50°C. The unit supports a 15L stirring capacity and is built with a spill-resistant front panel for durability.

Cat no. SD152W/120

Includes Manual for HS 100-060, Version 1.1

Protected by BioCote.
