Description

The 5910Ri is a highly versatile multipurpose centrifuge with an intuitive touch screen interface and high capacity for a broad range of consumables. The 7" VizioNize touch screen interface provides a documentation function and unique user management feature supporting quality control with multiple authorization levels, password protection, and documentation of all runs and user activities.

Specifications/Features:
14,000 rpm maximum speed
22132xg maximum g-force
4x1000mL maximum capacity,
temperature control from -11ºC to 40ºC
10/10 acceleration and braking rates
10s-99hr59min timer or hold
microprocessor control and touch screen VizioNize operating interface
fast temp function
automatic rotor recognition with rotational speed limit
automatic rotor imbalance detection
standby refrigeration keeps rotor at set temperature while lid is closed
soft touch lid enables easier lid closure

double gas spring lid support
120V, 50/60Hz, 12A

Included:
Eppendorf S-4xUniversal Rotor with 4 buckets (4,500 rpm maximum speed with S-4xUniversal rotor)
(x4) 15mL conical tube adapters
(x4) 50mL conical tube adapters
(x4) 1-Liter bottle adapters
Eppendorf FA-6x50 fixed angle rotor for 50mL conical tubes (12,100 rpm maximum speed with FA-6x50 rotor)

Comes with our 90-day warranty.
