Description

Eppendorf New Brunswick Excella E25R Refrigerated Incubator Shaker

Large-capacity, top-loading refrigerated incubator shaker with universal platform, designed for reliable temperature-controlled shaking applications in microbiology, cell culture, protein expression, and bioprocess laboratories. This lightly used 2022 unit features the trusted New Brunswick orbital drive system, refrigerated temperature control, and high-capacity chamber for flasks up to 6 L. Includes universal platform as shown in photos.

Key Features
Large Capacity Platform – Accommodates multiple flasks and vessels up to 6 L capacity with included universal platform.
Refrigerated Temperature Control – Operates from 15°C below ambient (minimum 4°C) up to 60°C for versatile incubation applications.
Variable Shaking Speed – Adjustable 50–400 rpm with 1-inch orbital motion for consistent aeration and mixing performance.
Top-Loading Design with Viewing Window – Ergonomic lift-top lid and large viewing window provide easy sample access and monitoring.
Precision Microprocessor Controls – Digital control system with programmable timer, alarms, smooth acceleration/deceleration, and automatic compensation for load and temperature changes.

Comes with our 90-day warranty.

Biotech Equipment Sales, Inc.: based in South San Francisco, the Biotech capital of the world, since 2009. We are dedicated to bringing high-quality pre-owned laboratory instrumentation to our scientific community.
