ManufacturerMettler Toledo

Description

The LC-P45 is a versatile dot matrix printer with advanced print functions for normal paper. It can supplement the weight value with date, time and other data. It has two LocalCAN interfaces and one RS-232-C interface and is primarily suitable for attachment to Mettler Toledo balances and scales equipped with the standard software, but will also print out the records of the Mettler Toledo application software Pacs (M-Pacs) and of the LP16 and LJ16 Mettler ToledoO Infrared Dryers. The various print functions of the LC-P45 can be selected in the dialog mode (English, German, French, Spanish or Italian). The settings are stored in a failsafe manner thanks to battery buffering.
