Description

Sturdy lab balance. All-metal digital lab scale with capacity of up to 12100g (12,100,000mg) with a readability of 0.1g (100mg). Toggles between 14 weight units, and has useful functions such as piece counting, percent weighing, and dynamic weighing with either automatic or manual start. Settings are easily accessed from the up-front digital control panel with a backlit display that is easy on the eyes. Removable 9 x13 inch pan offers easy cleaning. With a low-profile design, it's easy to load and tare. Includes Monoblock weighing technology inside and an RS232 interface used to hook up a printer if needed.

Specifications:
