Description

!!! SOLD !!!

This New Brunswick C-25KC Refrigerated Incubator Shaker is a large capacity floor model with refrigeration unit that provides temperature control from 5°C for below ambient investigations to 60°C. It's hermetically sealed, w/a large capacity compressor coupled with high velocity air circulation provides fast cooling response and precise temperature. Rotates from 40 to 400 rpm. Comes w/a universal platform & was manufactured in 2004 w/only 5900 hours of run time.

Very nice!
