ManufacturerNew Brunswick Scientific

Description
Serial number: SI40JR802213

The New Brunswick Innova 40R is a refrigerated benchtop incubator shaker designed for controlled-temperature cultivation of microorganisms,

bacteria, yeast, and other biological samples. It combines orbital shaking with temperature-controlled incubation, making it suitable for applications requiring aeration, mixing, and consistent growth conditions.

Key Features and Specifications
Refrigerated temperature control: Operating range of 4°C to 80°C, allowing both refrigerated and heated incubation.
Variable orbital shaking: Adjustable speed from 25 to 500 rpm, with either a ¾-inch or 1-inch orbital stroke.
Precision temperature regulation: Temperature accuracy of ±0.1°C at 37°C, with nominal temperature uniformity of ±0.25°C.
Large-capacity platform: 18 × 18-inch (46 × 46 cm) platform, accommodating flasks up to 3 liters.
Programmable operation: Microprocessor controls, four stored programs, and up to 15 programming steps per program. Includes timed and continuous operation.

Comes with our 90-day warranty.

Biotech Equipment Sales, Inc.: based in South San Francisco, the Biotech capital of the world, since 2009. We are dedicated to bringing high-quality pre-owned laboratory instrumentation to our scientific community.
