Description

NuAire AireGard (SP Series) NU-S201-324 (equivalent to NU-201-324) 3-ft horizontal laminar flow clean workstation / clean bench.

This is a tabletop (bench-style) horizontal laminar airflow workstation designed for product protection only. It delivers unidirectional HEPA-filtered clean air across the work surface to create an ISO Class 5 / Class 100 particle-free environment suitable for sterile compounding (e.g., IV admixtures), tissue culture, optics, microelectronics, or similar non-hazardous applications. It does not provide personnel or environmental protection and should not be used with biological agents requiring containment. Built in the USA (2015), it includes the HEPEX™ Zero-Leak airflow system.

Key Features
Nominal size & airflow: 3-ft (?38 in / 965 mm exterior width) horizontal laminar flow at ?90 fpm (±10%) face velocity; ?540 CFM; 99.99% efficient HEPA filter on 0.3 µm particles (ISO Class 5 / Class 100 work zone).
labwrench.com
Electrical (matches serial plate): 115 VAC, 60 Hz, 1-phase, total ?7 A (UL listed).
Approximate dimensions: Exterior ?38 in W × 32 in D × 46 in H; interior/work zone ?34.75 in W × 20 in D × 22.4 in H (filter size 36 × 24 in). Net weight ?180 lb.
HEPEX™ Zero-Leak system + construction: Positive-pressure plenum surrounded by negative pressure to eliminate leaks; clear acrylic top/side panels; textured powder-coat finish; smooth work surface (Formica™ standard; stainless optional); front-access maintenance; disposable fiberglass/glass pre-filter; protective filter grill.
Controls & lighting: Simple instrument panel with blower/lights/outlet switches, adjustable motor speed control, and Minihelic® pressure gauge; fluorescent lighting (typically providing high intensity on the work surface). Optional base stand available.

Comes with our 90-day warranty.

Biotech Equipment Sales, Inc.: based in South San Francisco, the Biotech capital of the world, since 2009. We are dedicated to bringing high-quality pre-owned laboratory instrumentation to our scientific community.
