Description

The Stomacher® 3500 provides a versatile range of tools for large volume blending and extraction where all washing solution or solvent needs to be retained for analysis. This heavy duty machine is built to industrial standards and often used in applications for large volume food microbiology, forensic residue analysis and testing of waterborne parasites.

Sample Volume: 400-3500ml

Dimensions (W x D x H): 19 x 19 x 17.5 in

Power Requirements: 110V, 60Hz, 120W
