Description

Designed for continuous service, the Sigma 4-16KS is precise and reliable. The centrifuge also features especially good cooling performance and achieves 4°C at maximum speed. The motorized lid lock and the patented user-friendly one-button control (Spincontrol S) make it especially easy to use. A large range of accessories and a variety of rotors made from aluminium for high thermal conductivity allow a broad spectrum of applications.

Specifications

Max. speed [min⁻¹]: 15.000

Max. RCF [x g]: 25.155

Max. capacity [ml]: 4 x 750 ml

Temperature setting range [°C]: -20 – +40

Programs: 60

Acceleration curves: 10 linear, 10 quadratic, 10 user definable

Deceleration curves: 10 linear, 10 quadratic, 10 user definable

Cycle counting: Yes

Comes with our 90-day warranty.
