ManufacturerThermo

Description

The Heraeus Multifuge X3F centrifuge allows you to accelerate your research by processing up to 40 x 50 mL conical tubes (100% more) in your swing-out rotor, or up to 14 x 50 mL (133% more) in fixed angle configuration, for increased capacity over competitive models in the same bench space. The floor-standing configuration conserves valuable bench space and, with a smaller footprint than a rolling cart, saves additional lab space. Non-refrigerating.

Max RCF: 25314 x g
Max Speed: 15200 rpm

Pulse Mode: Yes
Acceleration Rates: 9
Decelerations Rates: 10
Height Lid Open: 54.5 in

Comes with our 90-day warranty.
