ManufacturerVWR

Description
The VWR-HC-SSP-23FA (VWR Plus Series) is a 23 cubic foot stainless-steel solid-door laboratory/pharmacy freezer with auto defrost. It is intended for use in laboratories, medical clinics, and similar commercial/institutional settings. R290 refrigerant (3.00 oz), 115 V / 60 Hz / 3 A single-phase power, and Intertek ETL listing conforming to UL 471.

Key Features

Precise microprocessor temperature control — Digital display with adjustable operating range (typically around –15°C to –25°C for the FA freezer models), dual probes (air + sample bottle), continuous product temperature monitoring, high/low temperature alarms, sensor error alarm, and remote alarm contacts.
Durable stainless-steel construction — Stainless-steel exterior, white powder-coated aluminum interior with stainless-steel floor for easy cleaning, self-closing solid door (right-hinged), keyed lock, magnetic gasket, and integrated handle.
Efficient cooling and defrost — Forced-draft air circulation for temperature uniformity and recovery; automatic (auto) defrost cycle; eco-friendly natural hydrocarbon R290 refrigerant meeting EPA/SNAP, UL, and ASHRAE guidelines.
Practical lab features — Three adjustable shelves, safety-shielded LED interior lighting, ¾" probe access port, and 4 swivel casters for mobility.
Exterior dimensions typically ~26?" W × 35¾" D × 83¼" H (with casters).
Certifications — ETL listed; designed for laboratory and pharmacy use with product protection features. 115 V, 60 Hz, 3 A.

Comes with our 90-day warranty.

Biotech Equipment Sales, Inc.: based in South San Francisco, the Biotech capital of the world, since 2009. We are dedicated to bringing high-quality pre-owned laboratory instrumentation to our scientific community.
