Description

These units are perfect for incubation and activation of cultures, enzyme reactions, and a variey of other laboratory procedures. Interchangeable modular blocks accommodate various sample enclosures such as vials, microplates, PCR† strips, and a wide variety of tubes. Each block contains a thermometer well, and features close tube-and-block contact for maximum heat retention. Analogue temperature control knobs are easily accessible at the front of the unit and provide easy setting of minimum and maximum temperature levels.

Biotech Equipment Sales, Inc., based in South San Francisco, the Biotech capital of the world, since 2009. We are dedicated to bringing high-quality pre-owned laboratory instrumentation to our scientific community.
